Durham Kennel Club Newsletter

Yorkshire Terrier: Dog of the Month

The Yorkshire Terrier is a intelligent and robust toy breed. He is lively, lovable and affectionate with his master and frequently suspicious with strangers and is often the attacker against large dogs. He loves the outdoors when it is not too cold and is an excellent watchdog. Yorkies kept for show will have long hair reaching to the ground and will require a great deal of grooming.

Background: The earliest ancestors of the Yorkie were kept by Scottish weavers for ridding. Although this is not an ancient breed, it has changed quite a bit during its history. The first Yorkies were bigger and heavier than today's standard requires. Some of the terriers who were crossbred in the 1800s to produce the Yorkshire Terrier of today include the Waterside, Black and Tan, Paisley and Clydesdale Terriers.

The Yorkshire Terrier was first shown in England in 1861 and was recognized by the Kennel Club of England in 1886. At that time, Yorkies weighed as much as 12 to 15 pounds. Now they must weigh 7 pounds or less. Five pounds is the most desired size.

Show Ring: The Yorkshire Terrier is a long-haired toy breed that must be dark blue with tan head and fore-quarters. The head held high and jaunty, has a short muzzle, flat skull and forward looking eyes with dark rims. The bite should be scissors or level. The back should be level and short, above straight forelegs and

only slightly bent hindlegs. The docked tail is carried higher than the back.

The coat is the Yorkshire's most important feature. Color must be steel blue (not mixed with black or tan) on the body from the neck up to the tip of the tail. A clear tan must show on the head, chest, legs and underside of the tail. The long, tan fall of hair on the head and face should have dark roots, but it should not be mixed with black. The fall may be groomed with one ribbon or parted and held with 2 ribbons. Puppies that become correct steel blue with tan color are always born black with small tan markings.

Breed Disqualifications: Although there are no disqualifications, the most common fault is deviation from color standard.

Recognized Problems: Hypoglycemia occurs, especially in smaller puppies and **Patella luxation** is a continuing problem in Yorkies.

Old Age: Yorkshire Terriers often live 12 to 14 years. *From: Ross D. Clark, DVM & Joan R. Stainer. Medical and Genetic Aspects of Purebred Dogs*

November Meeting

FOOD: Our November meeting will be held on Monday, Nov. 15th. Do plan to attend and bring a dish for our potluck dinner. The club will provide beverages. Dinner will be served at 7:00 p.m. and everyone is welcome. Dogs are welcomed in the building during the pot luck dinner before the meeting, but should be crated or kept in Ring 2 until dinner is over.

PROGRAM: Our November meeting will feature Tracking with **Jack Sappenfield**. This presentation should be very interesting and educational. Please come and bring a friend.

President's Message

DKC's first Agility Trial was very successful thanks to the extra efforts of Mary and Richard Whorton, Denise McDonald, Tracy Fletcher, George and Emilie Beglane and many members as well as non-members who volunteered their time. We had a surprise visit from three AKC Reps. who gave us a good report. In fact, we had so much fun that we will do it again in the Spring. If you weren't able to watch, enter, or help; you'll get another chance.

On Saturday, November 6th, with the exception of the kitchen and entrance area, new 3/4"x4'x6' rubber mats will be placed wall to wall in the building. The building will not be available for training Nov 5th, 6th, and 7th.

I have several requests to help facilitate this job:

- 1) The Conformation Class will move all ring gates and supports close to an outside door after their class Nov. 4. Please don't come out to train Fri and re-set the gates.
- 2) Members who have crates in the building must take them home by Nov 4th.
- 3) The building needs to be prepared to receive the mats. Friday afternoon, Nov. 5th, equipment, chairs, tables, mats etc need to be moved out of the building. Basic cleaning of the floors also needs to be done.

As you can tell, this is a very big CLUB project and we need all the help we can get. If you can help one or both days, PLEASE contact Jeff Telander. Members needing service credits can count each day as a service. A Friday PM snack and Saturday lunch will be provided. Jeff, the hours you have put into this project are greatly appreciated. Thanks for your time and efforts.

Start saving now for our Y2K Yard and Bake Sale in January. Make room in your house and yard for your new Holiday goodies.. If any of you have large items to donate that you can not store, contact Marge White, Emilie Beglane or me to make

storage arrangements. It's time to clean out drawers, your garage, work shed, etc. Don't toss those treasures! We do request electrical items be in safe working order.

DKC members have again come through to the call for support to the animals affected by Hurricane Floyd. Thanks for donating food, toys, collars and supplies. The need for help will likely continue, so if you can give time or supplies, many will benefit.

Don't forget to add our many upcoming activities to your calendar. The box for trophy donations for our December Obedience Trial is now in the Equipment closet which is usually unlocked during regular class times. It needs to be filled. I will need Stewards throughout the day, both 12/18 & 19. If we have enough volunteers, you will only have to work one class. If you have no experience, we can put you with experienced Stewards, so don't be afraid to volunteer. Call me to get on the list...and yes, this is a club service.

At the end of our last meeting I learned Connie Howard recently lost her Mother to a brief illness. Our thoughts and prayers go out to Connie and Al.

Sharon Pitz

SPRING SHOW

Attention All DKC Debutantes & Escorts

This is a reminder that the social season for the DKC is about to get underway. I know that most of you are probably thinking , "Right, that means the **Christmas party** in December and the **Awards Program** in February," but aren't you forgetting our huge, eagerly awaited by January yard sale enthusiasts, **yard sale** in January?? Yep, it's time again to start gathering up your treasures to grace the rows of always overflowing tables at the DKC building. Nothing, absolutely nothing should be thrown away between now and the later part of January by any DKC member.

Some items that are always **HOT SELLERS** are books (we never have enough books), exercise equipment, furniture, glassware, electrical appliances (in working order), sporting equipment and the list goes on and on. We sell just about anything, but no clothes please. And if that isn't enough, in conjunction with the yard sale, we also have a **bake sale** and all of us know what culinary masterpieces are to be found there! We have bread, we have friendship cakes, we have cinnamon rolls and we have an occasional cookie or two along with pound cakes. It's not surprising that our club members are our best customers.

To help our club members with storing their items between now and January, our club has rented a storage unit at the Public Storage place on Roxboro Road. Anyone with more stuff than they can store at home is welcome to put the unit to use. Keys are held by Sharon Pitz, Emilie Beglane and Marge White and they are the only DKC members authorized to open our unit. Security is tight at those places — had no idea, but it's good that it is.

We have over 2 months to get ready for the sale, so let's all get ruthless in weeding out things for which we no longer have use. Ann Landers says that if you haven't used it or worn it in

two years, you don't need it — but someone else might.

And if you don't think that a yard sale is a social event, you haven't been to one at the DKC.

DON'T FORGET YOUR STUFF!!!!!!

Marjorie J. White

The Bad & the Good

When bad things happen, sometimes good things follow. In the aftermath of the terrible flooding that many have endured in the past couple of months unexpected good things also happened. Several of our club members have helped in Raleigh at the area set up to house and care for many of the animals that were displaced and lost to their owners as a result of the necessary evacuations. (We hope most will be reunited with their families.) Fencing, crates and all types of items were (and still are) desperately needed to help the volunteers provide comfort and safety for these animals.

Bushranger Fencing Company in Morrisville was called to see if they could loan some kennel panels to the veterinary school and by the time a return call was made to them, they had delivered the pens and had even set them up. If any of our club members have need of fencing or would just like to call Bushranger Fencing and say, "Thank You," surely it would be appreciated. Their phone number is 467-9670. Such a spontaneous response does gladden the heart.

Marjorie J. White

Awards Applications

Reminder: Awards Applications are due **Wednesday, December 20, 1999** at the **DKC building** or to **Joanna Burley**, 9719 Rougemont Road, Bahama, NC 27503; fax 479-9954; phone 479-7011, or to any committee member. If you need applications, they are available at the DKC building or from Joanna or any committee member.

Trophy Donations for the Dec. Obed. Trial

It's time for trophy donations for our December obedience trial. A monetary donation may be made for class placement or highest scoring dog in a group.

For highest scoring dog in a particular breed or with a performance title, please select something of your choice that would be appropriate for that breed or title and place it in the box in our storeroom. For costs and available breeds, placement, etc. contact:

Margaret Fox - 846-7091 e-mail easypoodle@cs.com

Cecillia Reeder - 847-6980 e-mail H2OSPNNL@aol.com

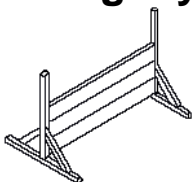

Deadline is Monday, Nov. 29.

Dec. Obedience Trials

On December 18 and 19, 1999 DKC will have 2 obedience trials only, at the DKC building. The judges are Sally Burgess and Don Young. **Premium lists are available from Mary Whorton 919-471-1405** and can also be picked up at the building. There are numerical limits on class sizes. Entry fees are \$19/15 each day. **Mail entries to: Mary Whorton, 815 Royal Oaks Drive, Durham, NC 27712. e-mail for more information mhwhor@duke.edu**

If you wish to **volunteer** to help with the trial, contact **Denise McDonald, trial chairman.**

Agility Seminar

On January 15 and 16, 2000, the Durham Kennel Club will be hosting an agility seminar conducted by Jane

Simmons-Moake. Jane is one of the world's foremost agility trainers. She is also a winning author, competitor, judge, and instructor and runs Flash Paws agility training center in Houston, Texas. Jane only gives a few

seminars so as to allow time for all her other activities. She has been booked for us a year in advance and we are very fortunate to have her. This will be her first time giving a seminar on the east coast. All levels of agility training will be covered and therefore all levels of experience are welcome. The seminar is limited to 50 people, maximum of 2 dogs per person, and the cost is \$135 for both days. Lunch will be provided, and we are looking for a volunteer to fix lunch. To **register** contact **Tracy Fletcher 919-460-7944** or e-mail at taflet@mindspring.com

The seminar will take place inside the DKC building on our new matting! To volunteer for **lunch duty** contact **Mary Whorton 919-471-1405**

DKC's First Agility Trials

I am pleased to announce that DKC's first 2 agility trials held Oct 2 and 3 at the property on Harris Road were a huge success. We had 190 entries each day, the weather was perfect, the judge was outstanding, and lots of DKC members got agility legs towards either their standard or jumper titles. We have received multiple compliments on how efficiently and smoothly the classes were run. Many thanks to all those who helped including Norma Williams, Debora Schweers, Cyndi Swanson, Peggy Schmidt, Maggie Lutz, Melanie Miller, Sallie and Ivey Redding, Betsy Pethick, Lisa Connelly, Marion Crain, Joyce McHenry, Carolyn Wolfe, Fran Hoffman and for the use of her trailer, Nancy Burka, Jan Gray, Tracy Fletcher, George and Emilie Beglane, Richard Whorton, Denise McDonald, and Sharon Pitz. Sharon purchased lunch for all the workers and bought bottled water for all the exhibitors. We also had dog biscuits for the 4 legged partners. Extra special thanks to Tracy Fletcher for transporting the judge and setting all the courses. George and Emilie Beglane, and Richard Whorton were

the backbone of setting up the ring and the fencing, hand mowing the agility ring area so it would be nice and smooth, and loading, hauling, and unloading all the equipment Friday afternoon. Denise McDonald was our trial secretary and did an absolutely fantastic job!

As you can see it takes a whole lot of folks to put these on and we did it! Thanks again everybody, we couldn't have done it without you.

Mary Whorton

Agility Trial Chairman

Awards Banquet

From the Awards Committee: The annual **AWARDS BANQUET** will be held **Friday, February 25, 2000** at the Regal Hotel in Durham.

Cost, menu, and reservation form will be published in the near future. Please mark your calendars! It is always a fun-filled night of camaraderie, good food, and well-deserved congratulations. This year will be particularly memorable because we will be presenting the Dog World Award of Service to a very special DKC member.

AKC Delegate's Report -- June & September 1999 Meetings

The June, 1999 Delegates Meeting was held in Raleigh, and the consensus amongst the delegates was that the meeting went very well indeed. The AKC staff had several special events planned for the delegates, including a murder mystery dinner at the North Raleigh Hilton, garden and sightseeing tours, and a tour of the AKC North Carolina Operations Facility. The whole Triangle area was presented in a very positive light, and I heard nothing but good comments from other delegates. I was especially impressed with the tour of AKC's Raleigh offices – the staff were very knowledgeable and friendly, and the volume of mail and the number of phone calls they dealt with on a daily basis was just amazing. While at the Raleigh offices, delegates were given a preview of the new AKC website, and the new registration forms, both of which have been revamped in an effort to make them more user friendly.

At the actual meeting, the Mt. Baker Kennel Club, the Peninsula Dog Fanciers Club, the Southern Oregon Kennel Club, and the Portland Dog Obedience club were all voted in as member clubs. In his report, Chairman David Merriam discussed upcoming changes to the judges approval process, and discussed issues of territoriality. Of major concern is whether or not clubs can hold shows in territories that aren't their own without permission of the host club. In the President's report, Al Cheaure focused his comments on the new registration form, which will hopefully help to increase registrations and reduce the mistakes that are common with the old blue slips. There was only one issue up for a vote – a proposed amendment to Article XVI, Section 2 of the Constitution and Bylaws, which would make it obligatory that each meeting notice mailed to delegates include the most current quarterly financial report, except for the annual meeting, which would be accompanied by the financial report for the fiscal year just ended. There was much discussion on this amendment. The AKC accountants were against it, as they said it was not traditional for not-for-profit organizations to give quarterly reports. The AKC board was also against it, although many delegates spoke in favor of the amendment. In the end, the vote was 151 in favor and 101 against, so the amendment did not pass since a 2/3 majority is required. Your delegate voted in favor of the amendment. Two amendments were read and would be voted on at the September meeting, one which would make changes in many places in the AKC constitution in order to make the language consistent throughout, and one which would allow time for discussion of a proposed rule change at the time it is read to the delegate body, in addition to when it is voted upon.

The September Meeting was held in New York once again, and the Clearwater Kennel Club, the Greater Swiss Mountain Dog Club of America and the Shoreline Dog Fanciers Association were voted in as member clubs. The Delegates Forum focused on discussion of the Constitution and Bylaws committee report, as the changes they recommend to the AKC constitution were to be voted on in the afternoon. The recommendations were:

- to consistently use "AKC" to refer to the organization
- to make the Bylaws gender neutral
- to add the word "purebred" to dog, where applicable
- to use the phrase "Dog Events" and "Event Committee", where applicable.

When these amendments came up for a vote, there was much discussion when a delegate pointed out that these changes would alter Article IV, Section I so that the delegate body would have the power to change rules for all dog events rather than just dog shows and field trials. Many delegates seemed in favor of this change, presumably because it would put more power in the hands of the delegates. Your delegate was strongly opposed to making this change, since the vast majority of the delegate body knows very little about performance events outside their own area of interest, and therefore really aren't qualified to vote on rule changes that could have a sweeping impact on the sport. Fortunately, it was proposed to use "Dog Events" as a generic term everywhere except Article IV, Section I, and after more heated debate, this amendment passed, as did the rest of the "housekeeping" changes to the Constitution and Bylaws. Your delegate voted in favor of the changes, once Article IV, Section I was excluded. The second item up for a vote was a proposed special rule of order which would allow proposed Bylaw and rule changes to be discussed at the time they are read to the delegates, rather than only when they are voted on, as is currently the case. Your delegate voted in favor of this rule of order, and it passed by a large majority.

In other business, elections were held for seats on the Delegate Standing Committees. There are eight committees and over thirty people were elected to serve on them – in the interest of brevity I won't name who was elected to each committee, but any club member who is interested is encouraged to contact me for further information, or see the election results listed in the October Gazette.

The next Delegates Meeting will be December 14th, in New York, and I do plan to attend. The agenda for that meeting is not yet published, but it should be available in time to be published in our next newsletter – as always, please feel free to contact me with any questions or concerns.

Respectfully submitted,
Lisa Connelly, 471-8402, vance003@acpub.duke.edu
