Spinoni Italiani : Dog of the Month

The **Spinoni Italiani** is a new member of the Sporting Group. His wiry, dense coat and thick skin enable the Spinone to negotiate underbrush and

endure cold water that would severely punish any dog not so naturally armored. He has a remarkable tendency for an extended and fast trotting gait. The Spinone is an excellent retriever by nature.

He is, also, intelligent, sociable and affectionate. He easily adapts from the sporting life to family life and loves children. He will brave almost any danger to defend his master, but at the same time is a mellow, docile dog not suitable to heavy-handed training.

Background: The **Spinoni Italiani** or Italian Pointer is one of the oldest Griffon varieties in existence and is descended from an ancient hunting breed found in the Piedmont region of Italy. He is Italy's all-purpose hunting dog. The Spinoni was popular with both nobility and commoners in the 1700s. It was used for all types of hunting until the French Revolution, then declined and returned to favor in the nineteenth century.

The **Spinoni Italiani** was approved by the AKC on February 11, 2000; which became effective September 28, 2000.

Show Ring: The height at the withers is 23 to 27 inches for males and 22 to 25 inches for females. The weight is in direct proportion to the size and the structure of the dog (approx. 56 lbs.). His build tends to fit into a square. The length of the body, measured from sternum to point of buttocks, is approximately equal to the height at the withers with tolerance of no more than 1 inch in the length compared to the height. The Spinone is a solidly built dog, robust with powerful bone.

The ideal coat length is 1 1/2 to 2 1/2 inches on the body. The hair on the backsides of the legs forms a rough brush, but there are never any fringes. The eyes and lips are framed by stiff hair forming eyebrows, mustache and tufted beard, which combine to save the fore face from laceration by briar and bush. The coat is dense, stiff and flat or slightly crimped, but not curly, with an absence of undercoat. The Spinone is exhibited in a natural state. The appearance of the Spinone may not be altered. The dog must present the natural appearance of a functional field dog.

The accepted colors are: solid white, white and orange; orange roan with or without orange markings; white with brown markings, brown roan with or without brown markings. The most desired color of brown is chestnut brown, "monks habit", however, varying colors of brown are acceptable.

Breeding and Whelping: Litters average 10 puppies. Bitches generally come into season for the first time when they are between 9 and 12 months. In the U.S. most tails are docked leaving 2/5, although in Italy 3/5 is left.

Breed Disqualifications: 1) Wall Eye, 2) Any pigment other than described or incomplete pigment of the nose, 3) Overshot or undershot bite, 4) Any black pigmentation, 5) Any black in the coat; tan, tri-color markings in any combination, or any color other than accepted colors.

Recognized Problems: Breeders report that some **Spinoni Italiani** have **thyroid imbalances**. **Hip dysplasia** can occur.

DKC Membership Meeting

4/16/01: Following a presentation by members, Marlene and Tom Anton, on Canine Search and Rescue, the meeting was called to order by President Sharon Pitz.

Sharon welcomed guests and /or those who had not been here before.

Minutes from the March 19, 2001 meeting were approved as published.

Treasurer's Report: DKC Account Balances as of 4/16/01:

| | |
|-----------------|-------------|
| CCB Savings | \$24,987.20 |
| Fowler Trophy | 1,835.41 |
| Fin. Mgt. Acct. | 28,385.12 |
| Loan Payoff | (19,774.33) |

This is high as the Spring Show, obedience classes and Agility Trial monies are in, but all the expenses have not been paid yet. The Spring Show did net over \$14,000 this year!

Corresponding Secretary: Stella has placed notices in the lobby for members to look over.

Membership: Applications for new member candidates include: Laurie and Thomas Givens, Amy Jervis, and Gillian Goodacre. Congratulations to all being voted as new member candidates.

Beth Para was voted on and approved for regular membership.

Spring Show: Connie thanked everyone who helped with the Spring Show this year. Thank You notes that have come in are displayed on the bulletin boards in the lobby. And planning is already underway for next year!

Obedience: Classes are into week 3.

Conformation: Classes have ended for this season.

Agility: There are two classes on Monday nights and one on Thursday nights.

DKC members will be putting on a demonstration for the Carolina Mudcats game on May 19th. DKC will be paid \$500 for this demonstration.

The Agility Trials start Friday with over 1,000 runs for the three days. These take many workers and we have scheduled about 80 workers for the trials. Three days with two judges is just too much work. Next year, we will go back to one judge. We did bring in close to \$20,000 in entry fees.

Tracking: The test on 4/01/01 had 10 entries and 2 alternates. We had a 90% pass rate - conditions were just right.

Thank you to those who prepared and sent over food.

Thank you George and Emilie Beglane, Buddy Amos, Betsy Amos (resident artist), Cathy and Andy Gottlieb and Lisa Roberts. The next test will be a TD/TDX in the fall before Thanksgiving.

Cathy Gottlieb has put some pictures up on AKC's web site from the luncheon.

CGC: The next test will be June 3rd.

Sho-N-Go: Please check the calendar in the lobby or the newsletter for dates.

Awards: There may be some plaques that need to be picked up in the lobby. There will be a new location next year at the Black Horse Run Clubhouse. If you know of caterers, give their name to Sharon and bids will go out to them.

Nominations: Marge White thanked Joyce McHenry and Maureen Lucas for being on the committee. Nominations will be accepted from the floor tonight and the slate will be voted on at our next meeting in May.
